

# NECTA Labs — How to Serve

Quick-reference for baristas & front-of-house

## Serving basics

**Serving size** 2 pumps = 15ml per drink

**Bottle size** 250ml pump · approx. 16 servings

**Temperature** Works hot or cold

**When to add** Before or after brewing — no heat impact on actives

**Taste** Mild, naturally sweet · vegetable glycerin base

## Product guide

### FOCUS

Vanilla Bean · Mental clarity & focus

**Pairs with:** Espresso / Matcha / Green tea

### IMMUNITY

Hazelnut & Orange · Daily immune support

**Pairs with:** Black tea / Orange juice / Turmeric latte

### CALM

Honey Caramel · Stress relief & relaxation

**Pairs with:** Chamomile tea / Hot chocolate / Oat milk latte

### GLOW

Cherry Almond · Skin health & radiance

**Pairs with:** Rose water latte / Hibiscus tea / Berry smoothie

### When a customer asks what NECTA is:

"2 pumps into your drink adds a clinical dose of adaptogens and botanicals. FOCUS for clarity, IMMUNITY for defence, CALM for stress, GLOW for skin health."
